A PIONEER

IN COSMECEUTICALS

2nd generation senior management: Reinhard & Ulrich Janssen

The success story of Janssen Cosmetics started with the vision of creating care products that go beyond those products already available on the cosmetics market! Company founder Walther Janssen set out in search of highly efficient active ingredients that go beneath the skin and promise more than the superficial skincare that was the norm until that point. Providing great results right down to the deepest layers of the skin was the challenge faced by Janssen Cosmetics in 1990.

A symbiosis of pharmaceutical and cosmetic active ingredients form the basis of today's Janssen Cosmetics care products and make the transition from true beauty to scientifically sound skincare an easy one. Only active ingredients with convincing visible, tangible results and high skin tolerability are used in the care products of Janssen Cosmetics.

Thanks to close cooperation with esteemed dermatologists and leading research laboratories, JANSSEN COSMETICS has succeeded in creating system care products that meet the skin's diverse needs perfectly. Each cosmeceutical series is based on an active ingredient concept that is perfectly tailored to various skin types and achieves immediate and long lasting skin improvement.

Today, the product range from Janssen Cosmetics includes more than 250 commercial and treatment products for your beauty cabinet. Whether it be deep impact cosmeceutical products, premium luxury care or relaxing wellness rituals – Janssen Cosmetics leaves no wish unfulfilled!

We place the highest value on quality and skin tolerability. All products bear the "Made in Germany" quality seal and have been awarded TÜV certification. From extracting the raw materials through to processing and bottling the product – at Janssen Cosmetics, every step in our quality management process is meticulously controlled and documented. The latest active ingredient complexes, processing techniques and research results will be promptly reviewed and considered for new developments.

Outstanding commitment pays off! In recent years, we have been awarded many prestigious awards, one of which was being named COMPANY OF THE YEAR in Miami in 2011. Janssen Cosmetics has also won the "Prix de l'Innovation" innovation prize for new products 5 times in a row in the cosmetics capital of Paris. In 2017, we were awarded the coveted Spa Diamond Award in Germany for our Platinum Care premium line. In addition, we were awarded the GERMAN BRAND AWARD for "Industry Excellence in Branding" in the category "Beauty & Care" in 2018.

We won the "LNE Innovation Award" in Poland in 2020 and the "Best of Beauty Glamour" Award in Russia in 2020.

We have been working in the name of beauty with passion and flair since 1990. Today we make people feel beautiful in over 85 countries!

COSMECEUTICALS

YOUR TREATMENT ROOM:
DIVERSE AND CUSTOMER-FOCUSED

Success begins in the treatment room: Unique treatments to help you stand out from the competition and retain long-term customers are sought after here.

That's why our team of experts develop highly effective, state-of-the-art treatment room concepts based on the special JANSSEN COSMETICS methods. Individually tailored to all the different skin types and skin conditions.

From immediate solutions with skin problems through impact treatments to luxurious pleasure and wellness treatments.

The building block principle by JANSSEN COSMETICS also allows you to freely select your individual methods and beauty products for your studio.

The treatment room is the best place to sell products. We help you here too: Together, we test the best and most profitable methods for making your treatment room even more successful.

The right solution for every customer: An exceptionally diverse range of products for you to combine as you wish in the treatment room.

DRY SKIN

MOISTURE BOOSTER FOR DRY SKIN

JANSSEN COSMETICS has developed a range that zooms in on the requirements for treating dry skin, providing optimal care for both moisture- and lipid-deficient dry skin.

Valuable natural oils and innovative super moisturizer like Hyaluron³, Hydro Express Complex and Imperata Cylindrica are just a few of the active ingredients used to strengthen the skin's barrier function, to increase moisture and lipid content long-term and to make the skin surface smooth to the eye and touch.

Regular treatment with DRY SKIN makes dry skin smooth and supple again, strengthening its natural protective film against external impact and premature skin ageing.

YOUR TREATMENT SOLUTION:

Moisture-penetrating special treatment for skin lacking oil and moisture

Mild Creamy Cleanser

Retail 200 ml Ref. 5000

Prof. 500 ml Ref. 5000P

Mild cleansing lotion for dry skin. Leaves the skin feeling clean and optimally prepares it for the subsequent care steps. With natural avocado oil.

Radiant Firming Tonic

Retail 200 ml Ref. 5001

Prof. 500 ml Ref. 5001P

Refreshing facial tonic for dry skin. Refreshes the skin after cleansing with Mild Creamy Cleanser. With moisturizing collagen.

Mild Face Rub

Retail 50 ml Ref. 5008

Prof. 200 ml Ref. 5008P

Hydro Active Gel

Retail 50 ml Ref. 5010

Prof. 150 ml Ref. 5010P

The light 24-hour cream gel with the active ingredients hyaluronic acid and extracts from Imperata Cylindrica and wild pansy deeply moisturise the skin. For a youthful and fresh complexion. Tip: Can be combined with any skin care cream or used alone as a treatment for ladies who don't like a creamy texture!

Effective ingredients in this line:

- Hyaluron³
- Hydro Express Complex
- Imperata Cylindrica root extract
- Natural Oils
- Wild pansy extract
- White lupin extract

Super Hydrating Cream

Retail 50 ml Ref. 5015
Prof. 150 ml Ref. 5015P

The 24-hour moisturising cream for dry, dehydrated skin deeply hydrates the skin and smooths small wrinkles thanks to 3 types of hyaluronic acid and Imperata Cylindrica extract.
Tip: If skin needs more lipids at night, Hyaluron³ Replenish Cream can be used as a night cream instead.

Aqualift Eye Gel

Retail 15 ml Ref. 5060
Prof. 30 ml Ref. 5060P

Thanks to the plant based Sensitive Complex, the refreshing eye contour gel reduces dark circles around the eyes and immediately makes the eye area look more awake and smoother. Apply Aqualift Eye Gel around the eyes in the morning and evening, and any time during the day, patting lightly with your fingertips.

Hyaluron³ Replenish Cream

Retail 50 ml Ref. 5020
Prof. 200 ml Ref. 5020P

Thanks to its combination of triple hyaluronic acids, white lupine extract and valuable natural oils, this rich care cream has a 24-hour moisturising and lipid-replenishing effect, regenerates and gives dry, lipid deficient skin pleasant suppleness.
Tip: If Hyaluron³ Replenish Cream feels too rich for the day, Super Hydrating Cream can be used instead.

Deep Xpress Hydro Mask

Retail 75 ml Ref. 5090
Prof. 200 ml Ref. 5090P

The refreshing gel mask supplies dry skin with the innovative Hydro Express Complex, providing immediately visible and long-lasting moisture. For a radiant and vital complexion. Apply to cleansed skin and leave on for about 15 minutes. Remove any residue with water and continue with your skincare routine as normal. For maximum indulgence, leave the mask to work overnight.

Hyaluron Impulse

Retail 50 Stk. Ref. 5024
Prof. 150 Stk. Ref. 5024P

Care capsules for dry skin. The content has a gentle texture and leaves the skin feeling particularly soft. With hyaluronic acid. Distribute the content of a capsule over the skin whenever required, several times a day if necessary. For external application only.

Deep Xpress Moist Serum

Retail 30 ml Ref. 5035
Prof. 50 ml Ref. 5035P

The moisture booster with the innovative Hydro Express Complex and highly concentrated hyaluronic acid instantly smooths wrinkles, intensively hydrates the skin and leaves the complexion looking fresh and youthful. Apply the serum morning and evening after cleansing and then use your preferred Dry Skin cream.

TIP

Individual combinations for your treatment: For example, the Hyaluron Fluid Ampoule Concentrate with the Deep Xpress Hydro Mask This allows you to achieve a first-class effectiveness boost and infuses the skin with moisture in a way that your customer will instantly notice.

SENSITIVE SKIN

SENSITIVE SKIN – more than a care system for sensitive skin!

The right care for sensitive skin means alleviating skin irritation and stabilising the skin barrier. SENSITIVE SKIN does both, thanks to two innovative active ingredient complexes made of plant extracts, which complement each other perfectly. The result: Measurably reduced skin sensitivity, a stronger skin barrier, decreased skin redness and considerably more resilient skin.

SENSITIVE SKIN is completely free of any potential irritants such as fragrance allergens and colourants. This makes it suitable skin care for cancer patients. After chemotherapy, the skin needs special, hypoallergenic skin care that soothes and strengthens the skin barrier, for optimum recovery from the effects of the treatment.

Soft Cleansing Mousse

Retail 150 ml Ref. 2000

Prof. 150 ml Ref. 2000P

The gentle pH-neutral cleansing mousse with allantoin soothes irritated skin and counteracts skin redness. The light, airy texture gently cleanses sensitive skin without stressing it unnecessarily. For that great feeling of clean and supple skin!

Soft Soothing Tonic

FAIR SKIN

BALANCE HYPERPIGMENTED SKIN

Trained cosmeticians understand how to block the skin's melanin synthesis effectively in 4 steps:

1. Protection of the skin from UV radiation
2. Blockage of cell messengers
3. Reduction of melanin synthesis
4. Inhibition of melanin removal

FAIR SKIN balances existing discolouration and prevents the appearance of new discolourations in pigment.

Problem solving treatments for pigmentation disorders in your salon and for home use.

Melafadin Cleansing Powder Retail 60 g Ref. 3300
Prof. 100 g Ref. 3300P

The white and pleasant-smelling powder contains pure vitamin C for effectively brightening the skin. When combined with water produces a light creamy foam. Plant-based active surface substances remove impurities from the surface of the skin.

Melafadin Toner Retail 100 ml Ref. 3301
Prof. 500 ml Ref. 3301P

The facial tonic prepares the skin for effective care with Fair Skin products. It inhibits the occurrence of dark flecks through highly-active plant extracts, promotes even skin and revives the complexion.

Brightening Exfoliator Retail 50 ml Ref. 3307
Prof. 100 ml Ref. 3307P

The peeling cream visibly brightens dark skin in two ways. Firstly, rounded abrasive particles eliminate the grey film on the skin and recognizably reduce irregular dark discolourations. Secondly, AHA's from citric and glycolic acid support the exfoliation effect. Surplus skin cells and the melanin accumulated within are effectively dissolved and finally removed.

dermatest® confirms:

2-Phase Melafadin Concentrate:
14.8% skin brightening*

Effective ingredients in this line:

- Vitamin C
- Hexylresorcinol
- Plant extract SORR

Irresistible Eye Elixir

Retail 15 ml Ref. 2660

The silky elixir comes in a practical roll-on format and refreshes the skin, provides it with intensive moisture and ensures that you are always looking awake and alert. The anti-wrinkle peptide blend demonstrably reduces fine lines and wrinkles, while the precious silk acacia extract visibly reduces puffiness and dark circles under the eyes. Extra tip: Keep the roll-on product in the fridge. This increases the cooling, decongestant effect.

Goodnight Lip Mask

Retail 15 ml Ref. 2501

Smoothing overnight mask for full supple lips. Highly effective at repairing, the lip mask allows especially dry, brittle lips to breathe again: Overnight, it fuses with the skin and delivers intensive moisturization and extremely valuable ingredients. With hyaluronic acid, phyto-extracts, shea butter.

Epigenetic Serum

Retail 10 ml Ref. 2931
Prof. 15 ml Ref. 2931P

Recent scientific studies show our genes don't determine everything. Gene activity is governed by lifestyle and intake – both through diet and through the active ingredients we apply to our skin. Epigenetic Serum contains an anti-aging ingredient that minimises epigenetic skin cell alteration caused by external influences and improves skin cell vitality and stress resistance. The result: Your skin becomes more resistant to the ravages of time, maintaining your youthful radiance.

Goodnight Hand Mask

Retail 75 ml Ref. 2502

The rich Goodnight Hand Mask will make your hands soft and smooth overnight. Biotin, a B vitamin, keeps the skin healthy, strengthens the nails and supports the skin's natural barrier function. Urea imbues dry skin with moisture and leaves your hands soft to the touch in the morning. In addition, bisabolol supports the skin's natural regeneration properties.

Sensational Glow Cream

Retail 50 ml Ref. 2620
Prof. 100 ml Ref. 2620P

This 24h nourishing cream gives the skin a long-lasting youthful and fresh glow. Its intensely moisturising beauty formula contains dual hyaluronic acid, Soft Focus pigments and an innovative algae extract from the Indian Ocean which has been proven to give skin renewed radiance.

Caviar Luxury Cream

Retail 50 ml Ref. 2600
Prof. 150 ml Ref. 2600P

Black gold for the skin: The rich luxurious cream gives the skin an extraordinary radiance. The anti-aging caviar extract delivers a smooth appearance and enhances volume. Lines and wrinkles appear padded. Natural skin regeneration is strengthened and supported.

Magic Glow Serum

Retail 30 ml Ref. 2630
Prof. 50 ml Ref. 2630P

The Magic Glow Serum brings a fresh, natural radiance to the skin. Moisturising hyaluronic acid and light-reflecting Soft Focus pigments conceal wrinkles, giving the complexion a natural, fresh look. Also suitable as a highlighter. Apply to the face in the morning after cleansing. Can also be applied locally as highlighter to individual skin areas. Also ideal as a primer before applying make-up.

ALL SKIN offers you highlight products that can be individually combined to give your salon an absolutely unique position!

MAKE UP

RADIANT, NOURISHING, ELEGANT

Indispensable for your treatment room: Your client wants to be able to rely on top quality, especially when it comes to high-quality make-up for special occasions such as bridal or festival day make-up.

Professional camouflage that can be mixed to suit every skin tone, set with perfect fixing powder to become smudge proof and waterproof, giving your client confidence and a fantastically even skin tone that is reliable.

Present the **ANTI-AGING DIFFERENCE** compared to conventional make-up.

Eye Make Up Remover

Retail 100 ml Ref. 8800

Prof. 200 ml Ref. 8800P

Oil-free cleansing gel for all skin types for thoroughly and gently removing eye and lip make-up. The oil-free formulation removes even water-resistant make-up.

Perfect Cover Cream

Retail
5 ml Ref. C-840.01 -.05

Special, highly-concealing camouflage cream. Available in five different color choices, from light to dark, for perfect adaptation to the skin's relevant shade. The color tone should be determined in daylight if possible and is often achieved by individually mixing two or three shades of color.

Perfect Radiance Make Up

Retail 30 ml
Ref. 8700.00 | 01 | 02 | 04

Perfect Radiance Make Up contains special coated pigments based on amino acids. These make it easy to spread, ensure its colour remains consistent and enable it to bond to the skin extremely well. At the same time, light-reflecting pigments give the skin an even, flawless complexion and a velvety finish. An innovative film former holds the cosmetic in place for hours. Perfect Radiance Make Up offers wearers a perfect combination of tinting and nourishment. Important anti-aging active substances such as hyaluronic acid moisturise the skin and reduce wrinkles. In addition, UVA and UVB filters provide reliable protection from photoaging. The foundation is easy to apply and leaves the skin feeling uniquely pleasant. Perfect Radiance Make Up is available in four graduated colours.

Perfect Powder Fixing

Retail 30 g Ref. C-841

Special fixing powder is used to make the camouflage cream water-resistant and virtually smudge proof. With the camouflage fixed in place showering, swimming, wind and rains have little effect on the fantastic coverage.

Absolutely professional:

Use the PERFECT COVER CREAM with its camouflage effect to cover up dark circles, scars and hyperpigmentation.

MEN

PRESTIGIOUS SKIN CARE FOR HIM.

MEN by JANSSEN COSMETICS offers effective solutions for well-groomed, healthy and resilient skin.

High-quality active ingredient combinations and exclusive formulas have been perfectly blended in our research laboratories and formulated to meet the particular needs of male skin:

The skin absorbs the products in the MEN range immediately, which allows them to develop their powerful effects deep down. Satisfying grooming products with results you can see and feel.

COSMECEUTICALS FOR MEN - Highest standards of high-tech care

Purifying Wash + Shave

Retail 75 ml Ref. 8600

Smooth, creamy foam for effective deep cleansing and a gentle shave. Instantly cleanses and refreshes the skin, soothes it during shaving and makes it feel fresh and smooth.

Prestigious skin care for him

The choice of care and special preparations is oriented towards the men's individual skin needs. The relevant treatment scheme leads to optimal care success in the salon:

AMPOULES

INSTANT REMEDIES FROM EFFECTIVE, INTENSIVE CONCENTRATES

The ampoule concentrates serve to enhance the general care cosmetics and have the task of boosting their effect. The skin's function is normalized, vitalized or calmed depending on the individual active substances of each ampoule formulation. In addition, the long-chain hyaluronic acid contained in each individual ampoule acts as a remarkable moisturizer. Coupled closely to the skin surface, hyaluronic acid possesses an extraordinary moisture binding capacity. This benefits all skin, because each application guarantees more freshness and ensures beautiful, smooth skin.

MOISTURE · Hyaluron Fluid Retail 7 x 2 ml Ref. 1951 Prof. 25 x 2 ml Ref. 1951P

Hyaluron Fluid sustainably moisturizes "thirsty" skin. The structure of the hyaluronic acid is vitally important in this case. Whilst long-chain hyaluronic acid forms a protective film on the epidermis, the short-chain hyaluronic acid acts at a deeper level. The vast quantities of moisture which are bound here lead to a genuine lifting effect: the skin is smoothed from the inside out.

SLEEK · Instant Soothing Oil Retail 7 x 2 ml Ref. 1912 Prof. 25 x 2 ml Ref. 1912P

The combination of natural macadamia nut oil with 10% barrier-strengthening ISIS and squalene nourishes the skin and makes it soft and supple again. Skin Defence Complex+ is rich in essential fatty acids and has been proven to strengthen and regenerate the skin's barrier function. In combination with natural alpha-bisabolol and calendula extract, inflammation is strongly reduced.

Normalizing Skin Fluid Prof. 25 x 2 ml Ref. 1941P

Serum for normalizing oily, blemished skin. Regular application of Normalizing Skin Fluid normalizes sebum gland activity, therefore leading to visible improvement of the affected skin profile. With anti-sebum active substance complex plus hyaluronic acid, aloe vera and salicylic acid.

Couperose Fluid Prof. 25 x 2 ml Ref. 1922P

Characteristics of skin prone to couperosis are redness, dryness and sensitivity. Our Couperose Fluid contains ingredients that have been proven to relieve these symptoms. The sensitive complex strengthens the skin's capillary system and reduces redness. Saccharide isomerate and hyaluronic acid provide the skin with long-lasting moisture. Allantoin calms the skin and prevents redness. The appearance of couperose is reduced and vascular elasticity is promoted. Skin redness appears visibly reduced.

Application:

Break off the top of the ampoule, protecting your hands with a paper tissue, and pour the entire content into the palm of your hand. Then apply evenly over the face and neck, and press in gently. For external use only!

INTENSE · Stem Cell Fluid

Retail 7 x 2 ml Ref. 1995

Prof. 25 x 2 ml Ref. 1995P

Stem Cell Fluid supports skin regeneration by protecting and fortifying human skin cells. The life cycle of the cells is extended in this way. Hyaluronic acid additionally strengthens the moisture retention barrier of skin which requires regeneration. With an extract from apple stem cells plus long- and short-chain hyaluronic acid.

LIFTING · Anti-Wrinkle Booster

Retail 7 x 2 ml Ref. 1992

Prof. 25 x 2 ml Ref. 1992P

Highly concentrated anti-wrinkle serum with skin-tightening Instensyl® & Gatuline® EXpression biopolymers and a hyaluronic acid complex.*

ENERGY · Caviar Extract

Retail 7 x 2 ml Ref. 1991

Prof. 25 x 2 ml Ref. 1991P

In times of increased susceptibility to stress, the facial contours appear particularly slack and tired. What is now required is a stimulant to regenerate and activate them. With its biological active substance extract, Caviar Extract offers an ideal stimulant. With hyaluronic acid plus extracts of caviar and artemia.

PURIFY · Detox Fluid

Retail 7 x 2 ml Ref. 1929

Prof. 25 x 2 ml Ref. 1929P

Detox Fluid contains active substances that support the skin's natural process of breaking down damaged cell components. Highly active avocado peptides ensure that proteins that are no longer needed are broken down into smaller, recyclable fragments. The cell is relieved of its cellular waste, regaining almost the same vitality as a young cell. A special kind of yeast extract rich in α -glucan also activates the process of breaking down larger oxidized proteins and lipids, including the "age pigment" lipofuscin.*

FLAWLESS · Skin Contour Fluid

Retail 7 x 2 ml Ref. 19171

Prof. 25 x 2 ml Ref. 1917P

Skin firming concentrate with elastin-stimulating peptides which encourage elastin synthesis in the fibroblasts, strengthen the structure of the connective tissue and lift the facial contours.

VITALIZE · Superfruit Fluid

Retail 7 x 2 ml Ref. 1956

Prof. 25 x 2 ml Ref. 1956P

his fruity active ingredient ampoule with stabilized Vitamin C (Ascorbyl Glucoside) and Superfruit Complex has been developed to reduce fine lines and wrinkles and make the skin tone glow. Fruit extracts from blueberry, kiwi, lime, goji berry and pomegranate are the ideal supplement to ascorbyl glucosides. The superfruits provide the skin with even more vitamins, polysaccharides, fruit acids and minerals for a fresh, even radiance. It refreshes and invigorates the skin immediately and visibly.

EVENLY · Melafadin Fluid

Retail 7 x 2 ml Ref. 1981

Prof. 25 x 2 ml Ref. 1981P

Melafadin Fluid is a special concentrate with effective skin brighteners which inhibit melanin synthesis at its very source, block melanin maturation and finally inhibit melanin uptake into the horny layer's cells. With lipoamino acid, vitamin C phosphate, plant extract SORR plus hyaluronic acid.

AWAKE · Eye Flash Fluid

Retail 7 x 1,5 Ref. 1900

Prof. 25 x 1,5 Ref. 1900P

Hydrating eye serum with hyaluronic acid and a peptide complex. The fatigued skin around your eyes will appear significantly smoother.

SUN

UV PROTECTION & ANTI-AGING

JANSSEN COSMETICS SUN offers comprehensive, professional UV protection for face and body. The anti-ageing formulas are lightweight, highly functional and available in SPF 30 and 50.

Photostable sun protection works as an effective filtre to protect the skin from UV-A and UV-B rays, providing a high level of protection against sunburn, wrinkles and sun-related pigment spots. The formulas also contain the cell protection factor Ectoin®, which prevents UV-induced skin damage at the cellular level, reduces irritation and strengthens the skin's own defence system. Recent studies show that Ectoin® also minimises the negative effects of oxidative stress caused by blue light and IR-A radiation. High-quality skincare ingredients such as short- and longchain hyaluronic acid provide intensive moisture and make the skin feel great. The soothing and moisturising After Sun Lotion with aloe vera and panthenol soothes the skin after sunbathing.

Sun Protection Spray SPF 30

Retail 150 ml Ref. 8831

Sun Protection Spray SPF 30 is a transparent sun-screen spray for the body which provides excellent protection against UV-A and UV-B rays. Thanks to its ultra-light texture, the refreshing spray can be evenly distributed in no time, leaving a transparent finish without feeling sticky or greasy. Sun Protection Spray SPF 30 contains a photostable broadband filtre system that effectively protects against UV-A and UV-B rays, providing excellent protection against sunburn and light-related skin ageing.

High Protection Sun Care SPF 50

Retail 75 ml Ref. 8851

High Protection Sun Care SPF 50 provides a very high level of sun protection while preventing premature, light-related skin ageing. The fast-absorbing anti-ageing formula is suitable for all particularly sensitive skin areas and also scores points with its pleasantly light texture. A photostable broadband filtre system effectively protects the skin against UV-A and UV-B radiation, providing excellent protection against sunburn, wrinkles and sun-related pigment spots. The formula also contains a cell protection factor known as Ectoin®, which prevents UV-induced skin damage at the cellular level and strengthens the skin's own defence system. Recent studies show that Ectoin® also minimises the negative effects of oxidative stress (e.g. hyperpigmentation) caused by blue light and IR-A radiation. Short- and long-chain hyaluronic acid provides intensive moisture and makes the skin feel great.

After Sun Lotion

Retail 150 ml Ref. 8891

After Sun Lotion contains highly effective natural ingredients that eliminate skin irritation and compensate for moisture deficits. The cooling effect is fast and reliable. The skin is protected from peeling prematurely – a prerequisite for a long-lasting and even tan.

The SUN series products offer measurable sun protection and in-depth skin care at the same time

Innovative photo stable light protection filters offer highly-effective protection against UVB and UVA radiation.

The unique biological active substance ectoin® increases the cell's native defenses against UV radiation and loss of moisture. The skin's self-protection time (depending on skin type) and the specified sun protection factor are used to calculate the light protection time. One factor is multiplied with the other.

Example:

Normal, unprotected skin reddens after about 10 minutes of intensive exposure to the sun. SPF 30 provides sun protection which is 30 times higher: 10 minutes x 30 SPF = 300 minutes of UV protection. After that, the sun protection is exhausted and withdrawing to a sun-free area is recommended.

The following always have to be observed:

- Allow the sun protection to work in completely to prevent e.g. discoloration of textiles.
Apply before sunbathing (approx. 30 min.)
- Avoid the intensive midday sun
- Apply several times to maintain sun protection
- Protect babies and young children from direct exposure to the sun
- Use protective clothing and sunscreen products with a very high sun protection factor (SPF of over 30) for babies and young children

Award-winning compounds and treatment concepts

FOR YOUR STUDIO'S SUCCESS

Oxygenating Body Scrub

Retail 200 ml Ref. 7000

Prof. 1000 ml Ref. 7000P

After the peeling, the skin is smoothed, the circulation stimulated and the skin's ability to absorb subsequent active substances increased. Oxygenating Body Scrub possesses stimulating and caring contents from algae and plankton extracts. The mineral and trace element contents lend the skin perceptible smoothness.

Body Sculpturing Massage "Tuscany"

Prof. 1000 ml Ref. 7580P

The rich massage cream with Q10 is ideally suitable for carrying out intensive partial or full body massages with the objective of stimulating the micro, blood and lymphatic circulation in such a way that accumulations of fluid are mobilized. The cardiovascular system and lymphatic flow are activated and the body's functions revived in this manner. Unattractive "dimples" disappear; the skin is left looking smooth and supple.

Body Toning Modelage

Prof. 500 ml Ref. 7510P

Active substances and special care concentrates are better absorbed by the skin following pre-treatment with Body Toning Modelage. This is a particular advantage, especially during cellulite and lifting treatment. Application: For a full or partial body treatment, distribute Body Toning Modelage over the body's skin and massage. Then wash your hands. **Note:** The increase in circulation may lead to an intensive sensation of heat erythema and/or itching.

Multi Action Algae Pack "Brittany"

Prof. 4 kg Ref. 7688P

The Pack is a fine powder mixture consisting of brown and red algae. It is a sensible addition for the effective treatment of cellulite. The skin's native regeneration process is sustainably supported. Distribute the paste generously over the corresponding areas of the body e.g. using a spatula. Seal the film to form a body wrap and place a warming blanket on top. Time required to work in: 20 minutes. Remove the mask residues thoroughly under the shower.

Cryogenic Alginate "Arctic"

Prof. 4 x 150 g Ref. 7690P

Cryogenic Alginate "Arctic" is a multifunctional, algae-based peel-off mask. During application, this soft modeling is transformed into a plastic surface film and shapes the contours of the bust and legs in an impressive manner. Application: Cover the treatment couch with film. Mix 1 sachet (150 g) with 300 ml water (approx. 20°C) to form a smooth paste and immediately distribute over the bust and neckline. After allowing the product to work in for approx. 20 minutes, peel the mask off in one piece.

Dead Sea Black Mud "Al Nadara"

Prof. 4x500 g Ref. 7687P

Dead Sea Black Mud "Al Nadara" originates 100% from the Dead Sea. Thanks to its astringent and absorbent properties, the mud has a cleansing and smoothing effect on the structure of skin and hair. Even stressed joints are provided with rapid relief. Application: Cover the treatment couch with film. Generously apply the mud onto the areas of the body to be treated using the hands. Seal the film to form a body wrap. Rinse residues off under the shower or simply remove using moist, warm compresses after allowing the pack to work in for approx. 20 minutes.

Use the range of special BODY treatments for your salon: "Cellulite Aid", "Volumise and Lift" and "Vital & Fit" are luxurious treatments with accelerated effects.

BODY

Vitaforce ACE Body Cream Retail 200 ml Ref. 7240

This is a silky smooth body cream enriched with the three most valuable vitamins, vitamins A, C and E, as well as shea butter, hyaluronic acid and Pentavitin®.

Stretch Mark Cream Retail 200 ml Ref. 7230

Longitudinal, initially slightly raised, bluish to brown-red marks may occur due to excessive stretching of the skin or hormonal influences which reduce the skin's elasticity. Over time, these are transformed into flat and pale scars. Stretch Mark Cream is a smooth active substance lotion which develops a pleasantly cooling effect immediately following application. Pregnancy and stretch marks pale when applied regularly. With Siegesbeckia orientalis, mango seed oil, vitamin C phosphate and vitamin E acetate.

Hand Care Cream Retail 75 ml Ref. 7210

Hands reveal a person's true age. As an uncovered part of the body, the hands are regularly exposed to the influences of wind and weather. Hand Care Cream combats chapped, irritated and reddened hands with active substances which have long been highly regarded in the field of herbal remedies. In the long-term, a protective film is built up in the sense of an invisible glove. With echinacea, chamomile and farnesol.

Body Lotion "Isoflavonia" Retail 200 ml Ref. 7900

All women desire youthfully soft and firm skin from head to toe. Body Lotion Isoflavonia ensures smooth and supple body skin in the long-term. The isoflavones which are contained act to combat hormonally-related collagen and elastic fiber breakdown and promote the skin's supportive strength in the upper layers of tissue. Feminine contours are harmoniously defined with extra anti-aging active substances. With iris root extract, kombucha, mango butter, vitamin E acetate and allantoin.

Body Contour Booster Retail 150 ml Ref. 7801 Prof. 300 ml Ref. 7801P

Cellulite is not your destiny. With the right combination of intensive care, sport, nutrition and discipline, you can combat cellulite and fat cells. Body Contour Booster is a refreshing, thermo-active gel with an innovative formula that cares for your figure. The mustard sprout extract and capsaicin contained in the Cellu-Slim Complex have been shown to reduce cellulite and create a slimmer silhouette. Cellu-Slim Complex stimulates the conversion of fat-storing cells into fat-burning cells. Clinical studies carried out over 8 weeks have confirmed the fast-acting, strong and visible slimming and anti-cellulite effects of the complex.

Perfect Bust Formula Retail 75 ml Ref. 7700 Prof. 200 ml Ref. 7700P

In addition to the genetically related aging process JANSSEN COSMETICS implements a holistic treatment concept:

1. Smoothing of the surface of the skin and improvement of firmness,
2. Improvement of elasticity and
3. Increase in volume.** This lifting bust care contains quince, green algae, white lupines and mangosteen.

* In-vivo efficacy study with the herbal Cellu-Slim complex.

** In-vitro efficacy study with Perfect Bust active ingredient complex.

EXFOLIATION SYSTEM

EFFECTIVE SKIN RENEWAL WITH FRUIT ACIDS

JANSSEN COSMETICS has developed the highly effective "Exfoliation System": Here, fruit acids work effectively on the skin surface with instantly visible results.

Instant and effective impact – the perfect preparation for your subsequent treatment with our cosmeceuticals, concentrates, creams and masks. This professional treatment system may only be used by trained JANSSEN COSMETICS partners.

Cleanser

Prof. 250 ml Ref. 5700P

Cleansing lotion (pH 4.2) with glycolic acid, salicylic acid and fruit acids. Apply onto the face, neck and neckline and massage gently. Then remove with lukewarm compresses. Avoid contact with eyes or mucous membranes. Wash off immediately in the event of skin intolerabilities. Do not allow to work in for longer than 3 – 5 minutes.

pH Neutralizer

Prof. 250 ml Ref. 5710P

Gel with alkaline pH value of 8 for neutralizing acid-treated skin. Apply onto the skin with a brush. Pay particular attention to the wings of the nose and corners of the mouth. Allow to work in for approx. 1 minute until tingling is no longer noticeable. Then remove thoroughly. Neutralize a second time if necessary.

Attention: avoid contact with eyes or mucous membranes.

Exfoliator 20

Prof. 50 ml Ref. 5720P

Peeling gel (pH 4.2) with glycolic acid and fruit acids (20%). Apply onto cleansed skin with a brush.

Time required to work in: 3 to 20 minutes max. Wash off. Then apply pH Neutralizer.

Exfoliator 40

Prof. 50 ml Ref. 5740P

Peeling gel (pH 3.6) with glycolic acid and fruit acids (40%). Apply onto cleansed skin with a brush.

Time required to work in: 3 to 8 minutes max. Wash off. Then apply pH Neutralizer.

Exfoliator 30

Prof. 50 ml Ref. 5730P

Peeling gel (pH 3.6) with glycolic acid and fruit acids (30%). Apply onto cleansed skin with a brush.

Time required to work in: 3 to 15 minutes max. Wash off. Then apply pH Neutralizer.

Exfoliator 60

Prof. 50 ml Ref. 5760P

Peeling gel (pH 3.6) with glycolic acid, salicylic acid and fruit acids (60%). Apply onto cleansed skin with a brush. **Time required to work in: 3 to 5 minutes max. Wash off. Then apply pH Neutralizer.**

Attention:

Must only be used as described in manufacturer's instructions.

Apply only on intact skin. Do not undertake any depilation prior to the application of fruit acids. Do not allow products containing fruit acids to get into the eyes or onto mucous membranes.

In the event of skin intolerabilities, wash off immediately and then treat with pH Neutralizer. The skin reveals increased sensitivity to light after peeling; it is therefore vital to apply high UV protection, e.g. Face Guard plus, over the coming weeks.

Store out of the reach of children – for external application only.

For professional application only.

It is vital to observe the relevant Exfoliator's individual exposure time. The exposure time is precisely stated in the product description and is dependent on the concentration of the Exfoliator and the skin condition to be treated. Please remain with your customer in the beauty salon during the exposure time so that you can immediately wash the product off from the skin and then neutralize the skin in the event of undesired side-effects.

Methodical treatment with EXFOLIATION SYSTEM is only intended for professional use in the beauty salon. Optimum results are achieved if application is carried out as a course of treatment over a period of 4 weeks:

1st week: Exfoliator 20
2nd week: Exfoliator 30
3rd week: Exfoliator 40
4th week: Exfoliator 60

2 treatments can be performed during each treatment week.

The Exfoliator concentration increases from week to week in order to slowly accustom the skin to the fruit acids and avoid irritation caused by the higher concentration Exfoliator.

Depending on treatment objective, the repetition of 1-2 cycles is possible.

The individual treatment sequence always remains identical.

PEELING MASKS

PURE DEEP CLEANSING FOR GENUINE DEEP ACTION

Guaranteed exceptional deep cleansing following classic surface cleansing. This optimally prepares the skin for immediately absorbing the intensive active ingredients:

The skin can breathe – the highly concentrated form of purely natural ingredients then allows for the further penetration of the applied active ingredient concentrates.

Enzyme Peeling Mask

Prof. 300 g Ref. 7807P

With the aid of the Enzyme Peeling Mask, the cement substance between the horny lamellae, the keratin of the horny layer itself, is dissolved. At the same time, the enzymes also penetrate between the blackhead plug and the follicle wall, thereby partially loosening or dissolving the sebum and horny mixture. As a result of this, skin impurities are effectively prevented or removed, the skin profile is refined and the skin is optimally prepared for the subsequent treatment. With kaolin, papain and bromelain.

Thermo Peel Mask Cranberry

Prof. 300 g Ref. 7570P

Peeling and care mask go "hand-in-hand" in this product. This takes place under special physical circumstances: on application, Thermo Peel Mask Cranberry has a perceptible warming effect. With a temporary "hot flash", application of this product is a very special experience! For all skin types that want to regain new freshness and smoothness whilst ensuring protection against premature skin aging. With cranberry extract, grape seed oil, zeolith, kaolin and panthenol.

DERMAFLEECE MASKS

SELECT PUREST COLLAGEN MASKS

These active ingredient masks are characterised by exceptional purity: Processed into a biomatrix in a special production process, the Dermafleece masks act as both the active ingredient and its carrier.

Extreme hydration and intensive anti-irritation guarantee a highly effective treatment process for every skin type and condition.

APPLICATION: Place DERMAFLEECE MASKS onto the non-oily area of skin which is to be treated, moisten with Mask Activator and allow to work in for approx. 20-30 minutes. Finally, peel the mask off in one piece. Gently press in any moisture remaining on the surface of the skin.

Collagen Aloe Vera

Prof. 1 Blister Ref. 8104.902

Ideal for sensitive, irritated skin. This skin condition may occur in the case of both dry and rather more oily skin types. Collagen Aloe Vera has a soothing and balancing effect. The skin's hydration is optimized thanks to the high moisture binding capacity of the collagen. With collagen and aloe vera.

Collagen Allantoin & Panthenol

Prof. 1 Blister Ref. 8104.903

Fleece mask for demanding skin. Ideal in the case of light-damaged and stressed skin. The skin profile reveals a conspicuous loss of resilience, is unevenly hornified and has a tendency to form wrinkles prematurely. Collagen Allantoin & Panthenol revitalizes and effectively balances out moisture deficits. With collagen, allantoin plus panthenol.

Collagen Vitamin C

Prof. 1 Blister Ref. 8104.912

Fleece mask for demanding skin. Ideal in the case of light-damaged, prematurely aged skin, in order to avert premature light-related damage or as prophylaxis for tired, lifeless skin. Thanks to the high vitamin C content, the formation of new collagen fibers is stimulated and collagen breakdown is slowed down. At the same time, the moisture content is increased and the skin is visibly smoothed. With collagen plus vitamin C phosphate.

Collagen Caviar Extract

Prof. 1 Blister Ref. 8104.913

The fleece mask has a moisturizing effect, protects the collagen and elastic fibers and clarifies the facial contours, leaving the skin looking velvety. Caviar extract stimulates the formation of new cells, is an ideal radical scavenger and promotes the skin's microcirculation. With collagen plus caviar extract.

Collagen Fair Skin

Prof. 1 Blister Ref. 8104.917

Collagen Fair Skin's active substances support skin brightening and simultaneously mobilize the defensive system. This enables damage caused by stress factors such as UV light, dryness and heat to be effectively prevented and premature light-induced skin aging to be avoided. With collagen, alpha arbutin, citric acid, liquorice root extract, Ectoin® plus grape seed extract.

Collagen Pure

Prof. 1 Blister Ref. 8104.901

The fleece mask for all skin types is outstandingly suitable both for restoring lost moisture to the skin and for improving and firming the structure of the skin tissue. The skin therefore regains added resilience and suppleness, and is left looking fresher and more recuperated. With collagen.

Collagen Hyaluron

Prof. 1 Blister Ref. 8104.915

Collagen Hyaluron counteracts the moisture deficiency of dry skin. This intense moisturizer and wrinkle filler instantly smooths and plumps up the skin. The skin-smoothing effect is visible and noticeable to the touch after as little as one application. Dryness lines are visibly reduced, and the skin takes on a firmer, more toned and fresher appearance.

COLLAGEN EYE

Eye Pad
Eye Lid Mask

Prof. 5 Blister Ref. 8109.901

Prof. 5 Blister Ref. 8106.901

Lyophilized fleece mask consisting of pure, native collagen. Ideal for specific treatment of the eye area. "Eye lifting" for the beauty salon. Premature wrinkles in the eye area are effectively combated. Note: Collagen Eye Lid mask is ideal for "crows' feet". Collagen eye pad is also ideal for the lip contours. Tip: Ideal in combination with the Lifting Effect ampoule.

TIP

Articularly in combination with an ampoule product from the AMPOULES series, the extraordinary masks are an unbeatable treatment unit for special care in the cabin.

PEEL OFF MASKS

MULTIFUNCTIONAL APPLICATIONS, INTENSIVE EFFECTS

High-quality powder masks for an intensive impact. With the most successful natural main active ingredients on the market. Exclusively developed for treatment room application, active ingredients infiltrate the skin in an especially effective way.

They work exceptionally well when integrated into treatment processes and are optimally combined with ampoules. Multifunctional uses for facial and partial body treatments.

Dead Sea Black Mask

Prof. 10 x 30 g
Ref. P-837P

The absorbent property of the alginate mask is optimally supported by the addition of active substances obtained from Dead Sea sediment. Those skin profiles which tend to reveal blemishes, increased sebum gland activity and extended pores particularly benefit from its skin-clarifying character. The addition of tea tree oil offers effective protection against further blemishes.*

Acerola Vitamin C Mask

Prof. 10 x 30 g
Ref. P-832P

Acerola Vitamin C Powder Mask vitalizes tired, lifeless skin and promotes its firmness with the fruit extracts from Acerola cherries. Vitamin C additionally stimulates collagen synthesis and promotes lifted skin from the depths.*

Botanica White Mask

Prof. 10 x 30 g
Ref. P-834P

Botanica White Mask is an alginate-based powder mask. It is enriched with the high-quality herbal complex consisting of mulberry root, grape and saxifrage extracts. The enzyme activity responsible for producing melanin is extensively inhibited. Ideal in the case of hyperpigmentation such as e.g. liver spots or chloasma, etc.*

Spirulina Green Mask

Prof. 10 x 30 g
Ref. P-831P

Spirulina Green Mask gently stimulates the metabolism thanks to its occlusive effect. Waste products and accumulated tissue fluid are rapidly transported away. A significantly improved skin profile is rapidly achieved.*

Snow Algae-Hydrating

Prof. 10 x 15 g
Ref. 8350P

Peel-Off Alginate Mask: refreshing and invigorating. With moisturising snow algae extract. The contents of one pack (15g) are suitable for one application. Combine powder with approx. 40ml (20°) drinking water using a fan brush to produce a spreadable mixture. Apply mask to the skin using a fan brush and leave it to take effect for approx. 20 minutes. Then remove the mask as a thin layer from the skin.

Aloe De-Stress

Prof. 10 x 30 g
Ref. 8355P

Aloe De-Stress mask is a soothing and moisturising mask based on the calming effect of Aloe Vera. The innovative FILMALGINE® basis of the mask (alginate, soya peptides and soya isoflavones) also has an anti-aging effect. For sensitised skin it is not only necessary to strengthen the skin's natural protection mechanism, but to also calm it sustainably and alleviate irritation.*

Olive Balancing

Prof. 10 x 30 g
Ref. 8366P

Olive Balancing normalises dry and oily skin with olive oil and silica. The innovative FILMALGINE® basis of the mask (alginate, soya peptides and soya isoflavones) also has an anti-aging effect. Caring for combination skin is always a challenge because a balance needs to be found between the dry and the oily areas. Any excess oil needs to be removed, while the dry areas need to be supplied with nourishing active substances.*

Goji Anti Oxidant

Prof. 10 x 30 g
Ref. 8399P

Goji Anti-Oxidant mask contains extracts from the special chinese Goji berry. Goji antioxidant mask improves the skin's natural defensive and protective functions while energising and refreshing the skin. The mask contains extracts from the special Goji berry. This berry is native to China where it is referred to as the "fruit of longevity". Its high antioxidant content is the best protection against free radicals and in combination with vitamin E it forms an effective defence against premature photoaging.*

Argan Oil – Nourishing

Prof. 5 x 40 g
Ref. 842P

This lipid-releasing, alginate-based peel-off mask with sea fennel, Thali's source, hyaluronic acid and argan oil is an anti-aging peel-off mask for mature, lipid-depleted skin. It has been proven to strengthen the functions that are important for cell renewal and to ensure firmer skin and fewer wrinkles. The content of one sachet (40 g) corresponds to one application. Mix powder with approx. 90 -100 ml drinking water (20°) in the innovative shaker for approx. 20 seconds. Apply the mask to the skin with the spatula and leave to take effect for approx. 20 minutes. Afterwards remove the mask from the skin as a thin layer.

* APPLICATION

- 1st step: Protect the customer's hairline with tissues and headband.
- 2nd step: Apply an active substance concentrate corresponding to the skin type onto the areas of skin to be treated and press in gently. Allow to work in for a 2 - 3 minutes.
- 3rd step: Mix the peel off mask. Quickly mix 30 g powder with approx. 90 ml Mask Activator (room temperature) to form a smooth paste.
- 4th step: Evenly apply the thick mask mixture onto the face and neck in downward strokes using a spatula. Owith the mouth and eye area (or include them after consulting the customer). Allow the mask to work in for 15 - 20 minutes.
- 5th step: Simply peel the mask off downwards from the forehead. Remove the residue with moist sponges or compress.
- 6th step: Then apply the appropriate care cream.

IMPORTANT NOTE

Please do not mix the mask over the sink or pour mask residue into the drain. Always allow mask residue to dry in the mixing bowl and dispose of in the domestic waste.

FACIAL CREAM MASKS

NATURALLY FRAGRANT SMOOTH CREAM TREATMENTS

Instantly ready-to-use cream masks with an especially smooth texture and fragrant natural scent. This creates an additional pleasant atmosphere whilst the active ingredients are being deeply absorbed. Suitable for every skin type, especially tailored to achieve anti-aging, soothing or revitalising skin treatment goals. Excellent in combination with the targeted ampoule.

Hydrating Cream Mask Prof. 200 ml Ref. 8551P

The mask delivers a dose of ultra-efficient moisturising and nourishing lipids to dry, oil- and moisture-deficient skin. The powerful creamy formula features the amazing Hydro Express Complex, an innovative moisture complex that forms an invisible, undetectable yet effective molecular network across the skin, protecting it against drying out. The network is made up of hyaluronic acid, alginate and pullulan and carries a moisture complex that is continuously released into the skin.

Lift Contour Cream Mask Prof. 200 ml Ref. 8510P

Lift Contour Cream Mask remodels skin which is in need of regeneration and firms it from its depths. The skin is helped at the point at which aging begins. Elastin-stimulating peptides reduce cheek sagging and leave mature skin looking considerably younger. With elastin-stimulating peptides (ESP), isostearyl-isostearate (ISIS), bisabolol and glycerin.

Fruit Peel Cream Mask Prof. 200 ml Ref. 8540P

Fruit Peel Cream Mask refines the surface of the skin with an exotic mixture of fruit. The slightly acidic pH value (pH 4) inhibits the tendency towards blemishes and inflammation with optimal skin tolerability. Freshly formed cells appear more quickly on the surface of the skin and immediately ensure a fresher appearance. With alpha hydroxy acid (AHA), saccharide isomerate, isostearyl-isostearate (ISIS) and bisabolol.

Pomegranate Cream Mask Prof. 200 ml Ref. 8560P

Pomegranate Cream Mask is the optimum instant booster for tired, drawn skin. The secret behind this vitalizing anti-aging mask is the valuable extract of pomegranate blossom, a powerful exotic fruit that has symbolized life and beauty in many cultures since time immemorial. Together with alpha bisabolol it creates an innovative combination of active anti-aging ingredients that promote collagen synthesis reduce age related reduction of collagen fibres.

Age Defying Cream Mask Prof. 200 ml Ref. 8500P

Age Defying Cream Mask maintains the youthfulness of demanding skin and cares for it, leaving the skin looking more beautiful. Highly-active peptides stimulate the production of repair enzymes in the skin. In this way, the skin is better protected against external influences such as e.g. oxidation and UV radiation. With rice extract, isostearyl-isostearate (ISIS), bisabolol and glycerin.

Moor Cream Mask Prof. 200 ml Ref. 8530P

Moor Cream Mask is the cream pack with vitalizing effect. The valuable constituents of high moor peat noticeably revive the complexion. The pleasant, balsamic fragrance of dwarf pine supports the effect of improved capillary circulation and enhances the vitalizing effect in the skin. With high moor peat, allantoin and glycerin.

TIP
FOR PROFESSIONALS

FACIAL CREAM MASKS are even more effective when they are used in combination with an ampoule preparation from the AMPOULES series. The classic facial treatment becomes particularly varied and is transformed into a solution-oriented power program for all skin types.

ESSENTIALS

APPLICATION of BIOCELLULOSE MASK

Cleanse and exfoliate the skin, apply an active substance concentrate corresponding to the skin type and gently press into the skin.

- 1st step:** Open the mask sachet, remove the contents and place on a plate. Carefully unfold until the facial oval is lying fully on the plate. The biocellulose mask is located centrally between two protective carrier layers: a blue fleece and a white nylon fabric.
- 2nd step:** Slowly peel off and dispose of the blue fleece. Now place the biocellulose mask onto face and press gently. The second carrier layer consisting of nylon fabric (white) now points upwards. Simply peel this off and dispose of.
- 3rd step:** Adapt the biocellulose mask to the facial contours using a spatula to create a "second skin". Smooth out any air bubbles.
- 4th step:** Allow to work in for 15 -20 minutes.
- 5th step:** Peel the biocellulose mask off from the forehead and continue the treatment as desired or conclude it (e.g. massage or concluding cream).

SPECIAL PRODUCTS EXCLUSIVELY FOR THE TREATMENT ROOM

MAKE UP

CAMOUFLAGE TREATMENT

TREATMENT SEQUENCE	
Pre-treatment	<ul style="list-style-type: none">· Cleanse with a cleansing gel/lotion appropriate to the skin type.· Refresh with a corresponding tonic.
Deep cleansing	<ul style="list-style-type: none">· Carry out a facial or body exfoliation<ul style="list-style-type: none">▶ Removal of dead skin cells▶ To remove dead skin cells and to smooth areas of uneven skin allowing improved penetration of subsequent products
Skin care	<ul style="list-style-type: none">· Skin care cream according to the skin's type, condition and needs.
Apply camouflage cream	<ul style="list-style-type: none">· Using a spatula, mix a pea-sized quantity of one or more shades of PERFECT COVER CREAM and mix until the color combination matches the skin color tone.· Apply onto the skin using a make-up sponge. If necessary, moisten the sponge slightly and work the cream in well. Apply in thin layers.· Repeat the process until the desired coverage intensity is achieved.
Apply fixing powder	<ul style="list-style-type: none">· Fix the cream in place by applying a generous quantity of Perfect Fixing Powder on top so that the camouflage cream holds well. Allow to work in for 10 minutes, the camouflage cream is then waterproof and wipe-resistant.· Use a soft bristle brush to remove excess powder.
Blusher and make-up	<ul style="list-style-type: none">· Apply a little blusher to accentuate the face naturally. Then apply make-up as usual.
Camouflage cream removal	<ul style="list-style-type: none">· Using the special cleansing cream massage thoroughly over the area of make-up· Remove the cream with a paper tissue.· Then apply a cleansing lotion appropriate to the skin type to subsequently cleanse the skin.
Skin care	<ul style="list-style-type: none">· Skin care cream according to the skin's type, condition and needs.

TIP: PERFECT COVER CREAM colors 01 and 02 are outstanding concealers for e.g. rings around the eyes. Simply pat the cover cream over the dark eye area using a fingertip. In the case of dehydrated skin, use an eye cream beforehand. Then distribute Long Lasting Make-up or tinted day cream over the entire face to balance. PERFECT COVER CREAM color 05 is outstanding for accentuating the cheeks. To do this, simply apply a little cover cream along the arc of the cheekbone in the same way as blusher.

OCEAN TREASURE

THE POWER OF THE OCEAN ACTIVATES AND REVIVES

The depths of the oceans hide invaluable treasures for our body. These gems straight from the sea enrich our skin with unparalleled vitality and freshness.

THE RESULT:
A silky skin with a visibly
firmer silhouette.

Marine Salt Body Rub

Prof. 1000 g
Ref. P-8671P

Finely powdered sea salt as a peel additive for massage oil. Finely-ground marine salt crystals enriched with the oily extract of Laminaria algae combine the full force of the ocean to form a mild effective, peeling powder. The abrasive power of the marine salt crystals smoothes the skin, vital substances comprised of salt and algae (minerals and trace elements) provide the metabolism with a special stimulant.

Marine Melody Body Pack

Prof. 1000 ml
Ref. P-8680P

Stimulating and nourishing ingredients obtained from Atlantic green algae extracts make this cream body pack a particularly moisturising treat for your skin.

Delicious Seduction Scrub

Prof. 1000 ml
Ref. P-8676P

Body peel with cocoa extracts. Delicious seduction scrub is a unique spa experience for the skin and the senses. On application, this skin improving creme gel releases an intense chocolate fragrance. Delicious seduction scrub effectively removes rough skin and makes dry skin look smoother and suppler, particularly during the cooler months of the year.

Creamy Chocolate Body Pack

Prof. 1000 ml
Ref. P-8686P

Creamy chocolate has a delicious melt-in-the-mouth taste, now it is possible to have that feeling on your skin too! The smooth consistency of this creamy body pack makes it easy to apply and spread over the whole body. It is the perfect treat for the skin, because it feels velvety soft and incredibly smooth. Dry skin becomes beautifully soft again. The cocoa fragrance is relaxing and stimulates body and soul.

SWEET TEMPTATION FOR THE SKIN

With chocolate, you can offer a genuine “endorphin remedy”: The body secretes its own dopamine, making your treatment an enjoyable overall experience. As a result, you relieve tensions and create harmony. The skin appears energetic, smooth and firm again.

THE EFFECT:

Fragrance and pure enjoyment – a perfect wellness offer in the winter season.

PURE HARMONY

INNER BALANCE FOR BODY AND SOUL

White tea is the finest of all tea varieties. For almost 5,000 years it has been treasured in Asia as one of the most valuable medicinal plants in existence. With an extremely high content of polyphenols, its extract is particularly effective in preventing premature aging of the skin. Revitalising, whilst at the same time skin irritations are relieved and calmed.

THE BALANCING TREATMENT

Regeneration from head to toe with renewed vitality and revigoration for body and soul.

Well Being Body Scrub

Prof. 1000 ml
Ref. P-8677P

Well being body scrub with natural camelia sinensis extract is a balance restoring, skin improving body peel. on application, this pastel green skin improving creme gel releases an intensive green tea fragrance. It was developed especially as one element of a "PURE HARMONY" spa ritual treatment. The white tea extract releases valuable antioxidants and already cares and protects the skin even as it is being exfoliated.

Calming Body Pack

Prof. 1000 ml
Ref. P-8681P

Creamy body pack which makes the body skin velvety soft. Especially dry skin becomes beautifully soft again with the help of the tea extract's skin strengthening properties, which reduce free radicals. After every application, the body silhouette is visibly smoother and the skin is more resilient. The rebalanced metabolism and the "tea treatment pack" fragrance immediately create a sense of well-being.

VINO ENJOYMENT

Luxury Reviving Scrub

Prof. 1000 ml
Ref. P-8674P

Luxury Reviving Scrub with natural vine leaf extracts is a skin improving body peel. On application, this mauve skin improving creme gel releases an intensive fresh, reviving fragrance. It was developed especially as one element of a "VINO ENJOYMENT" spa ritual treatment. Luxury Reviving Scrub is perfect for removing dead skin cells and improving the skin. It improves the absorption of follow-on skin care products, and dry skin looks suppler and smoother.

Vitalizing Body Pack

Prof. 1000 ml
Ref. P-8684P

The smooth consistency of this creamy treatment pack makes it easy to gently apply and spread over the whole body. It is like treat for the skin: velvety soft and incredibly smooth. Especially dry skin becomes beautifully soft again. Red vine leaves have a truly phytotherapeutic effect on diffuse redness and heavy legs. The vine leaf extract's active ingredients stabilise the vascular walls and tighten the skin.

THE ANTI-AGING POWER OF THE RED GRAPE

Thanks to its vitalising and rejuvenating properties, wine therapy is a wonderful and proven anti-aging treatment for inducing beauty and well-being.

THE RESULT:

Visible and strengthened skin.

YOUTH PERFECTION

SUPERFOOD THAT REGENERATES YOUR WHOLE BODY

The highly bioactive ingredients in cranberries protect the cells from oxidative stress. With the concentration of sodium, phosphorous, potassium and vitamin E, your treatment intensively stimulates cell division.

THE RESULT:

A youthfully tender, smooth skin surface – The Fountain of Youth for your clients.

Younger You Body Scrub

Prof. 1000 ml
Ref. P-8674P

Younger You Body Scrub with natural cranberry seed oil smooths the epidermis and removes dead skin cells, impurities and calloused cells. On application, this pastel pink skin improving creme gel releases an intensive fruity and sweet fragrance. Cranberry seed oil contains polyunsaturated fatty acids and α -tocotrienol and has strong antioxidative properties.

Rejuvenating Body Pack

Prof. 1000 ml
Ref. P-8687P

A "fruit sorbet" especially for the skin! The smooth consistency of the cream pack makes it easy to spread all over the body and has a fruity fresh fragrance. Even just one application turns the usually quite dry skin on the body into a soft covering. The bioactive substances contained in the cranberry seed oil transports "anti-aging power" to the salon. The particularly high α -tocotrienol and fatty acid content has a firming and smoothing effect on the skin.

NATURE EXPERIENCE

THE INVIGORATING POWER OF PURE NATURE:

An pampering experience beyond compare with pure extracts. Copper beech stimulates cell metabolism whilst peat moss extract with its humic acid has an exceptionally skin clarifying and invigorating effect. Blueberry seed oil with unsaturated fatty acids smooths and firms.

THE EFFECT:

Reviving power of nature in your salon delivering smoothing and firming effects.

Green Freshness Scrub

Prof. 1000 ml
Ref. P-8679P

Green Freshness Scrub is a natural scented body peeling. The smooth creme gel contains pumice powder, which has an exfoliating effect. Green Freshness Scrub thoroughly cleanses the skin and prepares it perfectly for the application of follow-on skin care products.

Balancing Body Pack

Prof. 1000 ml
Ref. P-8689P

Creamy body pack which is easy to gently apply and spread over the whole body. Even sensitive skin benefits from the reviving effect of the peat extract in this body pack. Balancing Body Pack is a wonderfully nourishing and strengthening body-skin treatment. Any mask residues can easily be massaged into the skin and leave it feeling beautifully soft.

ESSENTIALS

ESSENTIALS

Special essentials products that are a must for every salon and can be added to all treatments.

Body Massage Oil

Prof. 500 ml Ref. P-8788P

Body Massage Oil is a high-quality oil obtained from the nuts of the macadamia tree. The light yellow nut oil contains a high quantity of palmitoleic acid and is an outstanding skin moisturizer and softener.

Refreshing Shower Gel

Prof. 1000 ml Ref. P-8701P

Refreshing Shower Gel with algae extracts and sea minerals cleanses the body especially gently and thoroughly. The rich, silky foam caresses the skin, leaving it feeling fresh and well cared-for, without drying out. Combined with sea water, an unique complex of brown, green and red algae revitalises the skin and supplies it with valuable sea minerals and trace elements. Lipid-promoting

Thermo Body Pack

Prof. 4 Kg Ref. P-8882P

This autothermal body pack supports wellness treatment with algae extracts "par excellence". As soon as the Laminaria digitata algae powder is combined with water, the solution reacts by heating up. Under the influence of this heat, the wellness treatment has a particularly relaxing character.

Moisturing Body Lotion

Prof. 1000 ml Ref. P-8901P

Caring Body Lotion with selected algae extracts, moisturising active ingredients and natural lipids. Moisturizing body lotion is the ideal conclusion to any wellness treatment. Thanks to its light, non-greasy texture, the emulsion is absorbed immediately, so you can dress straight away.
